## *Full Circle Earth Press Release*

**Contact Information:** James Carnazza, President and Founder, Full Circle Earth

[Jimi@FullCircleEarth.org](mailto:Jimi@FullCircleEarth.org) | 978.317.2461

**Release Date:** February 2, 2022

**Heading:** Full Circle Earth has been awarded a Grow Grant from the New England Grassroots Environment Fund.

Full Circle Earth is pleased to accept a grant from the New England Grassroots Environment Fund (Grassroots Fund). Full Circle Earth has been awarded \$1,500 to create a native plant garden for the community. This garden will utilize organic land care principles such as "Right Plant, Right Place" and educate the community on ways to protect pollinators. It will be a source of information on how native plants serve an important role in our environment by requiring fewer resources and serving as an alternative to large lawns which reduce habitat for native species.

Full Circle Earth is currently looking for an accessible and visible location for this garden within Essex County, MA and is seeking community input and volunteers. Any suggestions may be sent to [info@FullCircleEarth.org](mailto:info@FullCircleEarth.org).

### **About Full Circle Earth**

Full Circle Earth is focused on teaching and practicing organic land care, water conservation, and other sustainable practices while creating community inclusion and equity for all. Our volunteers educate homeowners, facility managers, municipalities and people with disabilities interested in pursuing sustainable land care practices. The organization also provides connections to the information and people engaged in such practices in order to preserve the health of our communities. For more information visit <https://www.fullcirclearth.org>.

### **About Grassroots Fund**

The Grassroots Fund is dedicated to co-creating healthy and sustainable communities throughout New England. Grassroots Fund empowers individuals, groups and organizations working across a broad range of environmental and social justice issues. By helping them identify, select and access the specific tools, resources and connections they need to challenge existing systems, groups are able to develop lasting solutions to the complex problems affecting the places they live and the health of the people who live there. Grassroots Fund supports changemakers who face systemic and structural barriers to traditional funding. To learn more visit <https://grassrootsfund.org>.
